Camp Reflections 2022 Scholarship Application

A camp experience for kids with facial differences & their siblings!

AUGUST 14-20, 2022 • New Hampshire

Camp Reflections is a special weeklong camp experience for kids with cleft lip/palate and/or other craniofacial conditions – along with their siblings – that takes place in New Hampshire. Founded in 2019, Camp Reflections is part of Harbor Camps, which serves a variety of marginalized youth and provides them with a fun, confidence-building camp experience and sense of community. **myFace is delighted to be able to sponsor 10 campers (on a financial need basis) to attend the summer 2022 session of Camp Reflections!**

Camp Reflections is run much like a traditional overnight summer camp, where kids have the opportunity to experience a variety of fun activities such as archery, rock climbing, swimming, canoeing, kayaking, stand up paddle boarding, tubing, sports, arts & crafts, drama, music, dodgeball, campfires, a talent show, and more. Camp Reflections also offers kids the opportunity to live amongst their peers from the craniofacial community – where they can feel accepted and understood. Campers stay in cabins, divided by age group and gender, with up to 7 other campers and 2 camp counselors. Several of the cabins are wheelchair accessible. A nurse is on-site 24 hours a day.

Eligibility: Ages 8 through 16; anyone with a facial difference and their sibling(s).
